

Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

October 18, 2021

Dear King Members, Friends, and Family:

According to data released by the Wisconsin Department of Health Services, individuals who were not fully vaccinated and contracted COVID-19 in September were nine times more likely to be hospitalized and 19 times more likely to die than those fully vaccinated. We want everyone to be as safe and healthy as possible. Please, if you haven't already, get your vaccination.

Since we updated you on October 15, we have had one member and two employees test positive for COVID-19. Currently we have eight cases of COVID-19 on campus (four members, four employees).

As always, mask up, wash your hands frequently, and stay socially distant.

Sincerely,

A handwritten signature in black ink that reads 'T. Servatius'.

Tammy Servatius, Commandant
